INTERNET OF THINGS – IT134IU
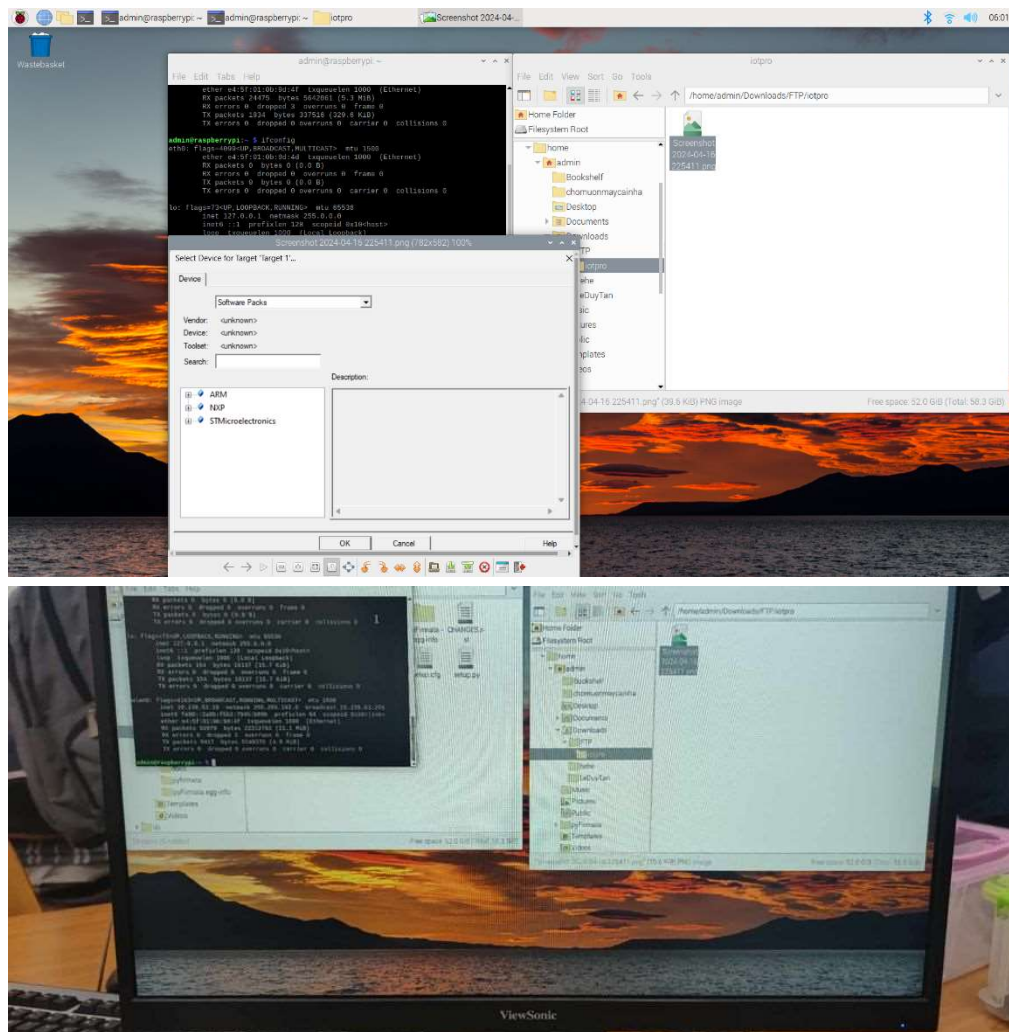

LAB 4

Instructions: Please follow the steps:

1 – Students work in groups. Please answer the questions clearly. Remember to include your name and your student ID.

2 - Each group leader (ONLY the group leader, please!) submits the report in Pdf format before the deadline.

No	ID	Name	No Contribution (0 marks)
Group Name:			
1	ITITIU21045	Nguyễn Minh Đức	16%
2	ITITIU21123	Trần Hoàng Thế Bảo	16%
3	ITITIU21217	Đỗ Đức Huy	16%
4	ITITIU21076	Bùi Đức Mạnh	16%
5	ITITIU20021	Hàng Huỳnh Công Thuận	20%
6	ITITIU21347	Phạm Quang Vinh	16%

LAB 4

1. **Activity 1**

   a) Take the result screenshot photos

   b) Answer all the questions

2. **Activity 2**

   a) Take the result screenshot photos

   b) Answer all the questions

3. **Activity 3**
   Tkinter for GUI Design

```python
import tkinter as tk

#create a window
window = tk.Tk()
window.title("Hello Tkinter")

#create a lable
label = tk.Label(window, text="This is tcl/tk version 8.5 ")
label.pack()

#creata a button
button = tk.Button(window, text="Click me", command=window.destroy)
button.pack()
button = tk.Button(window, text="Quit", command=window.destroy)
button.pack()

#start a main loop
window.mainloop()
```
